9	MISSIOU	MARIANNA	missiou@aegean.gr	Preschool Education Sciences and Educational Design	Assistant Professor	Graphic Literatures and Their Pedagogical Use in Teaching	The course will explore the use of picturebooks and comics, both with and without words, as narrative texts in education. Emphasis will be placed on visual elements and narration, analyzing how meaning is constructed through the interplay of images and text based on the visual components of the picture. Applying literary theory and narratology allows for a deeper understanding of how meaning is produced and interpreted beyond traditional print-based literature, fostering both analytical and pedagogical skills for classroom use.
